Levante

Omschrijving

De Levante van Cariboni is een veelzijdig buitenarmatuur. Het kan direct tegen de gevel geplaatst worden of met behulp van diverse opzetstukken op een mast. De armaturen zijn elk leverbaar met hun specifieke lichtoptieken. Laat je daarom adviseren door onze lichtadviseurs zodat je een buitenverlichting krijgt die past binnen de huidige regelgeving. Zo houden onze adviseurs onder andere rekening met lichtvervuiling en kijken we samen of er extra eisen zijn in verband met de aanwezige flora en fauna.
